

TYPICAL SECTION

DGCO

DOOR GRILLE | VENTILATION

LOUVRE FREE AIR: 55% MINIMUM

PRODUCT DESCRIPTION

The DGCO is a slimline aluminium door grille, ideal for applications requiring clean aesthetics, functional airflow, and minimal obstruction. Its frameless top and bottom profile make it especially suited for sliding doors and situations where conventional flanged grilles are not appropriate.

MATERIAL

STANDARD - High quality Australian aluminium

OPTIONAL - High quality Australian steel, vermin/bird mesh

CONSTRUCTION

Horizontal extruded bars fixed into 6mm side mounting frames. You can also opt to include a top & bottom frame if you prefer.

FINISH

STANDARD - Natural anodised

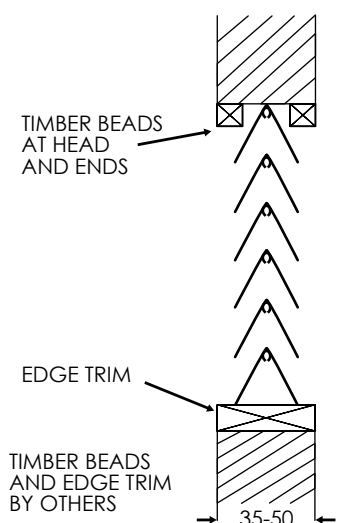

OPTIONAL - Coloured anodised or powdercoat

INSTALLATION

Designed for timber doors with timber beads and edge trim.

Custom installation details for other materials on request.
